Kia ora Parents/Caregivers

Covid-19 Update – we still have about 5 known, active cases in our school community plus 4 other close contacts. Earlier known cases, have now completed their home isolation and have returned to school/work. Yesterday, the Government announced a reduction in the “Home Isolation” number of days, from 10 down to 7 days, as of late tomorrow night. Please remain vigilant for signs of illness and follow the widely publicised prevention methods.

Please notify the school office if: -

- Your child tests positive for covid
- They are self-isolating due to a positive household contact
- Their status changes from self-isolating to covid positive

Year 7 and 8 Technology – due to unforeseen circumstances, Technology lessons, normally held on Friday mornings, have been cancelled this week for our **Year 7** pupils but will **still go ahead for Year 8** students. Year 7 are to come to school as usual.

Kind regards,

Steve Hayward
Principal
